

LKS2 Rounders

In LKS2, children will learn the rules of rounders, knowing how to stop at bases and how to earn half rounders as well as full rounders. Children will refine their throwing and catching and will throw and catch over short and longer distances.

Children will be using a rounders bat to strike the ball

In this unit children will:

- Practice throwing and catching over short and long distances.
- Strike the ball with a rounders bat
- Learn the rules of rounders and introduce new position back stump.
- Adopt the correct striking position for rounders.
- Work as a team to beat opposition by developing leadership and communication skills.

Key Questions

What are all of the rules in rounders?

What is a back stumps job?

How can I play tactically to win?

Key Vocabulary

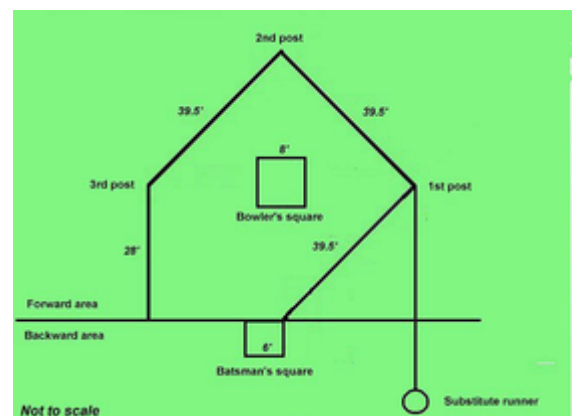

Rounder- A 'rounder' is rounders terminology for a score awarded to the batter. It occurs if he successfully strikes the ball and he reaches the fourth post before another ball gets bowled.

Runs - A batter must always pass on the outside of the post when making a 'run'. He should stop at each post on the way round - still carrying the bat - to reach the fourth post.

Bowler- The person who throws the ball to the batter.

Bases- Each point of a rounders pitch.

Caught out- If someone catches your strike without it bouncing on the floor you are out.

Equipment

Rounders bats, stumps and posts, tennis balls.
